Supervisors Remember 9-11

On Tuesday, the Board of Supervisors observed a moment of silence in remembrance of all of the Americans that were killed on September 11, 2001.

“This is something we must not ever forget,” said Third District Supervisor Dennis Hansberger. “My heart goes out to all of the families and loved ones of those whom lost someone on that horrific day in September. They are all true heroes and will never be forgotten- we as Americans will never forget. The terrorists tried to weaken America and shake the foundations of this great country, but they did not and will not succeed. Let it be known that united we stand, especially in these days of great difficulty, and we will prevail. We are Americans- we stand together, we fall together- but most importantly we overcome together.”
